BAKER SIGNS MEASURE FOR A WAR SIZE ARMY

Resolution Adding 20,000 Men to Regulars Sent to White House for Wilson's Signature.

Secretary of War Baker last night signed the joint resolution of Congress placing the United States army on a war footing. The resolution was then sent to the White House for the President's signature. Brig. Gen. Henry P. McCain, adjutant general of the army, did not wait for the signing of the resolution to start the recruiting machinery in motion. His first step was to open 170 auxiliary recruiting stations and to assign 300 enlisted men to the work of gathering recruits. Reports to the War Department last night said that hundreds of enlistments were obtained the first day of the recruiting campaign. Figures were not made public because technically the recruiting officers were working without authorization.

HIS SON'S BRIDE PLANS TO SUE J. S. HERRMANN

Former Chorus Girl Will Ask \$100,000 Damages for Alleged Alienation of Hubby's Affections.

Special to The Washington Herald.
New York, March 16.—Dorothy Gates Herrmann, chorus-girl bride of young Philip Herrmann, today had a guardian appointed in the Supreme Court in order to sue her father-in-law. She will name him as defendant in a \$100,000 damage action for alleged alienation of his son's affections. The father is James S. Herrmann, millionaire contractor. While his son was a Harvard student a year ago he fell in love with Miss Gates, who was then playing in a Broadway show and married her secretly in Jersey City. They lived together a few weeks and then separated. Subsequently Mr. and Mrs. Herrmann sued to have the marriage annulled. In her alienation suit Mrs. Herrmann, the young wife, alleges her father-in-law was influential in having her husband desert her. She also intends to sue her husband for support.

New Milk Record Made.
Utica, N. Y., March 16.—Cremello Topay Omsby Lobe, developed by B. T. Boyson, of Rome, was announced today as a world record-breaking Holstein cow. TROUBLE AHEAD ACROSS BORDER

Re-enforcements from East and Central Mexico Reported Moving to Join Villa.

NEED MORE U. S. TROOPS

Army Officers Declare Present Force Will Be Unable to Make Headway Against Bandits.

"The Mexican situation is sitting on a powder keg." This remark was made by an army officer last night after the State and War departments had received reports indicating that re-enforcements from east and central Mexico are moving to join Villa's army.

Zapata's troops, which have been menacing Mexico City, are reported to be concentrating for the purpose of joining Villa. The State Department was advised yesterday also that Gen. Palacios, who controls the Tuxpam-Tampico district, is co-operating with Villa. Palacios has been levying heavy tribute on the oil industries in the oil region.

Staff officers of the army say that if Villa's forces are joined by those of his two allies, with the other accretions expected to result from the "invasion" of Mexican soil by United States forces, a considerably larger force will be needed than Gen. Funston now has at his command.

It will require the 33,000 United States troops available to make any headway against a re-enforced Villa army, these officers declare. They believe it will be necessary to call out the National Guard to patrol the border, thus permitting all the regular troops to enter the Mexican campaign.

Exodus of Americans.
State Department reports show an exodus of Americans from Northern and Central Mexico.

A delayed dispatch from American Consul Williams, at Torreon, confirmed early reports that he had turned the consulate over to the British consul and was leading the American colony in evacuating the place for the border. Williams reported Torreon a storm center. The railroad had been torn up within a week. He believed it wise to get the American colony out while communication remained open.

Another American consul who notified the State Department that he intended leaving his post was induced by reassuring advice to remain. Suppressed reports from consuls in Mexico indicate that the internal danger is based on the belief prevailing that the Carranza forces will disintegrate if Villa puts up a stiff fight, leaving interior towns without garrisons and at the mercy of bandits.

Mexican troops with the United States forces. Another report from Columbus said Maj. Davila, with 400 Mexicans, was leaving as an advance guard for the expedition.

Reports of disorders have come from various border points. The women and children in the district northeast of Hachita have been concentrated at Lordsburg, N. Mex., and have taken shelter in the Santa Fe railroad roundhouse. The district is being terrorized by Mexicans who until recently worked in the mines of that district. They are said to have threatened to burn all homes, loot the Bank of Lordsburg and kill every gringo they can catch in resentment over the invasion.

EVEN CROSS, SICK CHILDREN LOVE SYRUP OF FIGS

If Feverish, Bilious, Constipated, Give Fruit Laxative at Once.

Don't scold your fretful, peevish child. So if tongue is coated, that is a sure sign his little stomach, liver and bowels are clogged with sour waste. When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomachache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. "Children love this harmless 'fruit laxative' and mothers can rest easy after giving it, because it never fails to make their little 'insides' clean and sweet.

Keep it handy, Mother. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 5-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages, and for grown-ups plainly on the bottle. Remember there are counterfeits sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.—Adv.

SPRING MEDICINE

Dr. J. F. Oerlet, Vienna, Va., says: "I have used it in my family for sixteen years, and found it even more than you claim for it in treating cases of chills or malarial fever. I have known in several instances three doses to stop the chills, and one member of our family was cured of Malarial Fever by it when given up to die by physicians. As a tonic I consider it has no equal."

Use ELIXIR BABEK

At this season of the year, after the stress and strain of a long, severe winter, everyone should take Elixir Babek, not only as a spring tonic, but a preventative of Malaria, Chills, Fever, and Ague. Write to Kiozowski & Co., Washington, D. C., for list of testimonials.

INTESTINAL INDIGESTION

Can be Permanently Relieved Only by Making the Liver Active.

Intestinal indigestion is shown by flatulence, constipation and sometimes attacks of diarrhoea which have no apparent cause. You may not have known it but the intestines must digest food as well as the stomach. So while your stomach digestion may be all right, you may easily have intestinal indigestion or dyspepsia—a trouble that is often harder to overcome than stomach trouble. The digestive fluid in the bowels is the bile—bile is furnished only by the liver and it is lack of enough of this fluid that causes the indigestion. Then the only way to relieve intestinal indigestion and the symptoms noted above is to put the liver in good shape. That's why oils and laxatives that only act on the bowels are no good whatever in this kind of trouble. The sure way to get relief is to take Nature's Remedy (NR Tablets), every night for a few nights. Nature's Remedy acts on the liver and promotes the flow of bile into the intestines, it corrects and tones up the stomach, relieves rheumatism and constipation, benefits the kidney and purifies the blood. Contains no calomel or habit-forming drugs. Get a 25c box and take an NR Tablet to-night—you'll feel better in the morning.
